

ENGINEERING COUNCIL OF SOUTH AFRICA <i>Standards and Procedures System</i>			 E C S A
Degrees Accredited as Meeting the Educational Requirement for Registration as a Candidate or Professional Engineering Technologist			
Status: Approved by Technology Programme Accreditation Committee			
Document : E-20-PT	Rev-1.1	06 December 2010	

1. Purpose

The graduates of the qualification programmes listed here belonging to that graduating class of the years shown against each programme have satisfied the educational requirement toward registration as a Candidate Engineering Technologist or Professional Engineering Technologist with the Engineering Council of South Africa.

2. Notes

1. Validity dates for accreditation apply to the year in which the student completes the programme that is the last year in which the student was registered at the university.
2. The accredited degree fulfills only the educational requirement toward registration as Candidate Engineering Technologist or Professional Engineering Technologist: further training and experience is required for professional registration.
3. ECSA Council commenced accreditation of technology qualifications in 1991.
4. The year of the next regular evaluation visit (next general review) is shown against programmes that are currently offered.
5. Provisional Accreditation may be granted to a new degree programme, which has been visited when students have completed half the credits for the degree. A regular accreditation visit is required in the year after the first graduates are produced. ECSA recognises graduates between the year of provisional accreditation and the decision of the first regular accreditation.
6. Where providers offer programmes at different sites, the programmes at every site are evaluated separately. In such cases, the site of delivery is shown against each programme.

Lists for the various universities of technology are found in the Sections shown.

University of Technology	List
Vaal University of Technology (as from 2004, formerly Vaal Triangle Technikon)	3.1
Tshwane University of Technology (formed by the merger of Northern Gauteng and Pretoria Technikon in 2004)	3.2
UNISA (as from 2004, formerly Technikon SA)	3.3
University of Johannesburg (formed by the merger of Technikon Witwatersrand and Rand Afrikaans University (RAU) in 2005)	3.4
Central University of Technology, Free State (as from 2004, formerly Free State Technikon, formerly Technikon Orange Free State)	3.5
Mangosuthu University of Technology (as from 2001, formerly Mangosuthu Technikon)	3.6
Durban University of Technology (as from 2005, formerly Durban Institute of Technology, formed by merger of ML Sultan Technikon and Technikon Natal in 2001)	3.7
Nelson Mandela Metropolitan University (as from 2004, formerly Port Elizabeth Technikon)	3.8
Cape Peninsula University of Technology (formed by the merger of Cape Technikon and Peninsula Technikon in 2005)	3.9
Walter Sisulu University (formed by the merger of Eastern Cape Technikon & Border Technikon in 2005)	3.10

2.1 Sydney Accord Recognition of Accredited Programmes

Engineering programmes listed below have been accredited by ECSA and are recognised as meeting the initial academic requirements for Professional Engineering Technologist in South Africa. International recognition of these programmes is provided through the Sydney Accord, which was signed in 2001.

Signatories to the Sydney Accord have undertaken to make every reasonable effort to ensure that the bodies responsible for registering or licensing engineering technologists to practise in its country or territory mutually recognise the substantial academic equivalence of engineering academic programmes accredited by other Accord signatories.

ECSA was a founding signatory to the Sydney Accord and other signatories are under no formal obligation to recognise the graduates of accredited programmes prior to 2001. Individual Accord signatories recognise accredited programmes gained prior to 2002 at their own discretion.

Further details about the Sydney Accord and details of all current signatories with links to all accreditation listing information can be found at: www.ieagreements.org

3. Degree programmes accredited as meeting the educational requirements toward registration as a Professional Engineering Technologist as a result of an accreditation visit

3.1 Vaal University of Technology

Degree: Bachelor of Technology: Engineering
Abbreviation: BTech: Engineering
Note: As from 2004, formerly Vaal Triangle Technikon

Degree and Branch	Site of Delivery	Duration	Accredited		Next Regular Visit
			Year	From To	
B Tech: Engineering: Chemical	Vanderbijl	1	1996	2012	2012
