

## **SIGN UP FOR THE INTERNATIONAL REGISTER FREE OF CHARGE**

The Engineering Council of South Africa is calling on the first 100 Registered Professional Engineers, Professional Engineering Technologists and Professional Engineering Technicians to sign up on the International Register **FREE OF CHARGE**.

As a member of the International Engineering Alliance (IEA), ECSA maintains an international register for Engineers, Technologists and Technicians. These registers are regulated by three competency agreements namely International Professional Engineers Agreements (IPEA), International Engineering Technologists Agreement (IETA) and Agreement International Engineering Technicians (AIET).

This window of opportunity is only open to ECSA professionally registered persons who meet the minimum requirements. A fully compliant submission takes up to 3 months to finalise.

## **CANDIDATES FOR INTERNATIONAL REGISTER NEED TO MEET THE FOLLOWING REQUIREMENTS:**

- An academic qualification accredited or recognised by ECSA including those recognised through the relevant accords for the category.
- Be a member of ECSA in a relevant category;
- Be in possession of a minimum of seven years practical experience from the time of graduation;
- Have a minimum period of two years in a position of responsibility in significant engineering work and;
- Maintain continuing professional development at a satisfactory level.

## **REGISTRANTS ON THE INTERNATIONAL REGISTER GAIN TO BENEFIT THE FOLLOWING:**

- Expand international work opportunities,
- Exert greater influence within their respective organisation and industry,
- Streamline overseas membership and registration processes and;
- Be exposed to potential higher earnings.

## **REGISTRANTS ON THE INTERNATIONAL REGISTER HAVE THE OPPORTUNITY TO USE THE FOLLOWING POSTNOMINAL:**

- International Professional Engineer -Int PE (SA)
- International Engineering Technologist – Int ET (SA)
- International Engineering Technician – Int ETn (SA)
